

Fiber Management Spool

1、 Cable Drawing

2、 Description

Fiber management spool is used for guiding the fiber optic cable in fiber optic patch panel, fiber optic terminal box. It will make the cable in a good order, easy for identify and maintance.

3、 Features

- Neatly organize and manage fiber within structured wiring enclosure
- spool radius maintains proper bend requirements for fiber and category cable
- Half round design and multiple mounting holes provide versatile installation options
- Sold as a pair
- Compliant RoHS

4、 Application

- Enclosure Cable Management
- ODF, FTTH box

5、 Specification

- Bending radius larger than 60mm
- Flame
- Material: ABS plastic
- Color : Black and white
